Dear Fellow Traveler

We are preparing to welcome you in Pondicherry on the shores of the Bay of Bengal, in September 2025

When we experienced war-like conditions earlier this month, we were wondering about the impact that it would have on the Gathering. However, when we thought about how the theme of the Gathering was brought to us, we realized that it is our spiritual task to hold the space for the Gathering and have faith in the ever-present guidance of the spiritual world.

We believe that these difficult times call for all of us to gather in person to explore the theme of Faith Love and Hope - Building Resilience for Challenging Times.

From a safety point of view, war has rarely reached the southern part of India. Pondicherry is nearly 2000 miles away from the northern borders of Kashmir. The war like situation has eased and all the airports that have been closed in the border areas are now open.

If you would like to attend the Gathering, you can now pay only the Gathering fees of Rs.32,500 (**Price for Members is Rs.29,250**) to secure a place and pay the accommodation charges at a later date. Non-members are welcome to fill out the membership form and become members to avail the Member price. There is no charge to become a member.

We would like to have as many participants as we can, since we feel that meditating and discussing the theme as a group will be more powerful, which is why we invite non-English speakers as well. If you would like to attend as a group along with a translator, you can contact us and we can discuss the ways in which we can support you to make it feasible for you.

You can visit www.holisticbiography.com to become a member and to register. You will also find there, all information regarding costs, how to pay and our refund policy in case you are not able to attend after paying.

We hope you will join us to extend Faith, Love and Hope into a disturbed world. We look forward to hosting you in September at Pondicherry.

With warm regards

The Core Team
